New Insurance Plan Explained-- Worker Enrolls

5-6955

Those attending the opening meeting of special sessions of Supervisory Conferences last week are pictured above. From left to right are Winnie Miller, C. E. Larson, R. M. Batch, E. T. Henson, E. A. Bagley, E. W. Thomas, W. R. Chambers, C. W. McCollum, Ed Cain, Plant Superintendent Claude N. Rucker, Howard P. Doyle, W. H. Acton, W. D. Lavers, James H. Kirk, H. C. McBirney, D. W. Harrigan, Roy M. James, J. M. Herndon, George Flack and James H. Whitcomb. The revised Carbide insurance plan was explained. Material now is being prepared for other supervisory conferences to be presented in the near future covering basic Company policies.

Camera Club Sets Print Contest Rules

Rules for the small print competition, to be staged by Carbide Camera Club at its May 27 meeting, have been announced by Gilbert Mellen, president. Any Carbide employee or member of his immediate family may enter as many as four prints. No color prints are acceptable.

Enlargements up to and including the size 3 1/4 by 4 1/2 inches may be entered. Contact prints of any size are eligible. Processing may have been done by anyone provided the entrant exposed the original negative. Prints should be unmounted and bear the name of the entrant upon the back. Pictures made during 1947 are preferred.

After a basis for judging is established, a popular vote upon the entries will be taken when the club meets in the East Portal Building at 7:30 p. m. next Tuesday.

Plant Protection, Security Offices In New Quarters

To provide more working space for both the Safety Department and Security Office of the Plant Protection Department, the Security Office and the office of Supt. of Plant Protection Thomas A. McKenzie have been moved from their former quarters to a room at the West End of the North Portal. This new office formerly was occupied by Ed Cain, Superintendent of Industrial Relations.

The telephone number for Superintendent McKenzie will remain 7125. W. T. Hays, of the Security Office, can be reached over telephone 7994, while W. E. Davis, also of the Security Office, has been assigned number 7-8355.

In the Safety Department the telephone numbers remain unchanged. They are G. C. Henderson and Lee Bagwell, 7-8242; Paul C. Ziemke, 7-8313; and Arnold Higdon, 7-8314.

BUS TOKENS AVAILABLE

Bus fare tokens now are available in packages of 25 at booths in the Central and Jefferson terminals, as well as the Jackson Square token booth. American Industrial Transit Co., has announced. Tokens in smaller quantities also may be bought.

D. H. Dinsmore, right, a Y-12 employee for the past 30 months, is being enrolled in the revised insurance plan of Carbide and Carbon Chemicals Corp. by Shirley Brown, of the Insurance Office. Dinsmore is employed in the General Plant Maintenance Department.

Swarm Of Bees Browse Around Y-12 Before Capture By Employees

Several Y-12 employees had a "sweet time" last week trying to make a swarm of bees behave until Floyd Queener, of General Maintenance, came along and herded the swarm into a small keg. He was ably assisted by Mrs. Helen Sisson of General Maintenance Office, who turned out to be somewhat of a bee expert herself and who wound up as final custodian of the swarm.

Monsanto Man Will Address Oak Ridge Radio Operators

P. R. Bell, Design Engineer for Monsanto Chemical Co., will discuss shortwave radio equipment when the Oak Ridge Radio Operators Club meets at 8 o'clock tonight in the West Lounge of Ridge Recreation Hall.

Charles Harrill, of Y-12, president of the club, announces that the organization now has a membership of 63, which is distributed as follows: Y-12 Area, 10; K-25 Area, 25; Monsanto, 11; AEC, 7; Fairchild, 6; and miscellaneous, 4.

SERVICE GROUP TO MEET

Members of the Oak Ridge Youth Service Committee will meet in the Professional Library of the School Administration Building, 115 Milan Way, at 8 o'clock tonight. Among other things, the group will attempt to define the function of the committee in the light of the organization of a council of community agencies in Oak Ridge.

Y-12 Fireman Instructed Japs While In Army

Japanese fire fighting equipment is far inferior to that found in Y-12 according to Darrell Hyde, now just 20, who recently returned to the Y-12 Fire Department following a stint in the Army of Occupation in Japan.

While stationed near Tokyo, Hyde, as a private first class, was in charge of a Japanese civilian fire fighting crew whose job it was to protect an American military post. None of the 11 men working under him understood English, nor did Hyde understand Japanese. Nevertheless, his crew proved effective in coping with the blazes which they were called upon to fight.

Volunteers Better Equipped

"Most small-town volunteer departments in this country are better equipped than those which I saw in Japan," Hyde says. "Our post, which was near Itabashi and about eight miles north of Tokyo, had two small trucks. One of these had an engine badly damaged by an American bombing expedition. Their linen hose was unlined and had open nozzles. This meant that the nozzle man had no control of turning on or shutting off the flow. He had to hold on while another crew member went back to the plug to turn off the stream."

"Crew members were runty and undersized. They were not trained in the methods of extinguishing inflammable liquids. For example, they were accustomed to pouring water on burning gasoline. But what they lacked in equipment and knowledge was balanced by good morale, courtesy and willingness to obey orders."

Crew "Wades In"

"More than once I've seen them 'wade in' on a serious blaze without thoughts of their personal safety."

Hyde recalls that he answered his first alarm in Japan on last New Year's Day. "We had just answered an alarm following a boiler explosion," he says. "By the time we arrived, the blaze was under control, as some workers had doused the flames with water from a nearby pool."

"Suddenly another fire call came from a nearby KP shack. Smoke (Continued on Page 3)

All Classified Information 'Restricted Data'

5-6950

A recent ruling of the Atomic Energy Commission has applied the general term "restricted data" when referring to all documents and material heretofore classified as top secret, secret or confidential, according to the Y-12 Security Office.

The new terminology does not affect the degree of classification of documents and materials, the Security Office points out, and the same care and safeguards as previously observed must continue in regards to the documents and materials.

The Security Office urges any employee who handles classified materials and documents who is not thoroughly informed on security procedure to communicate with the office at the North Portal, telephone 7994, where the desired information will be given.

Parking Is Banned Inside North Portal

To eliminate congestion and to permit unloading of trucks inside the Y-12 area at the North Portal, the Y-12 Guard Department has prohibited parking of any vehicles in the area immediately inside that portal. The only exception will be to allow parking of vehicles to unload consignments that are too heavy or too large to carry to or from the North Portal building.

Y-12 Honeys Make Bees Behave

5-6957

Here is a pair of Y-12 honeys inspecting a large swarm of bees which landed on a corner of Bldg. 9739 last week. At left is Virginia Spivey. Her companion is Emily Lord. One of the little insects took a nip out of Virginia's arm shortly after the above picture was made.

Adult Education Sets Night Summer Classes

A concentrated summer school program of trade and commercial courses will be offered from June 9 through July 31 by the Oak Ridge Adult Education Program, according to A. C. Keller, Jr., director of the program. Most of the classes will meet twice weekly at the high school.

Y-12 employees desiring complete information on the courses and schedule of the night classes may obtain it from the Adult Education Program office on the first floor of the high school or by telephoning 5-2889.

Registration Opens June 2

Registration for the summer school courses will be held from June 2 through June 5 from 9 a. m. to 5 p. m. and 6:30 p. m. to 9:30 p. m. in Room 129 at the high school.

One of the most popular classes is expected to be that in driver training. Both elementary and secondary classes will be conducted with five groups expected to be formed in the elementary division. Special schedules will be arranged for the more advanced students.

Other topics to be offered will include comptometer training, office machines instruction, beginning photography, beginning, intermediate and machine shorthand, beginning and intermediate typing and woodworking.

Fees will be \$10 for most classes with \$15 being charged for the photography course, \$12 for machine shorthand and \$12 for woodworking. The latter class will be given only if the high school shop is remodeled in time. The fees are payable at time of registration.

Veterans may enroll without charge on presentation of a certificate of eligibility.

Nebraska Picnic Held At Norris

Several Y-12 and K-25 families attended a Mother's Day picnic of the East Tennessee Chapter, Nebraska Alumni Association, in Norris Park. Following the dinner, there were games of softball and horseshoe pitching. The small children joined in a balloon race.

Arrangements were in charge of Chris P. Keim, of Y-12, chapter president; Mr. and Mrs. Dale Magnuson, Mr. and Mrs. J. W. Mumford and Mrs. Curtis Nelson. The next meeting is scheduled for June 8.

EBERT IS CLUB OFFICIAL

It was erroneously reported in The Y-12 Bulletin last week that William Elrod had been elected third vice president of the Oak Ridge Kennel Club. The club's third vice president is William Ebert, a Y-12 employee.

HENSHAW LEAVING RIDGE

Dr. Paul S. Henshaw, principal radiobiologist at Clinton Laboratories, has resigned effective May 23 and will leave for Japan. He will be chief of the Scientific Branch of the Economic and Scientific Section of the Supreme Command Allied Powers under Gen. Douglas MacArthur.

BOOK IS REVIEWED

Oak Ridge Librarian Minnie Duncan reviewed "Two On A Continent," by Lili Foldes when the Evening Book Section of the Oak Ridge Woman's Club met last Saturday afternoon at the home of Mrs. James E. Scott.

Children Of Y-12 Families Sing In Sixth Grade Chorus Concert

5-6937

Children of Y-12 employees are among the sixth grade chorus pictured above, which appeared in concert at the Oak Ridge High School auditorium recently. Approximately 60 of the 170 singers

represented Y-12 families. Mrs. Rosedell Ford is shown directing the chorus, which was assembled from various schools of the area.

Carbide Group To Elect: Y-12 Wives Are Invited

A cordial invitation has been extended to wives of Y-12 employees to attend the May Party to be given by the Carbide Wives at 7:30 o'clock Wednesday night in the East Lounge of the Ridge Recreation Hall. Rummy and bridge games will be arranged and refreshments served.

The Carbide Wives will elect an executive committee of seven members to serve for the next six months when the group meets tomorrow night, it has been announced. Members of this committee are selected from women who have served as hostesses at the monthly meetings of the organization during the past six months. The regular meeting time of the Carbide Wives is the third Wednesday night of each month.

Hostesses for the meeting tomorrow night will be Mrs. F. Robinson, Mrs. B. Thompson, Mrs. K. Kahler, Mrs. G. Peach, Mrs. H. Stoner and Mrs. G. Stubbs.

Time For Operetta Is Drawing Nearer

Rehearsals are continuing for "Mademoiselle Modiste," operetta which will be presented by the Community Chorus at 8:15 p. m. on June 6 and 7 in the Oak Ridge High School auditorium.

Feature parts will be played by Mrs. Rosedell Ford as Fifi, Dick Snyder as Capt. Etienne de Bouvray, Roy van Luven as Count de St. Mar and Richard Battistella as Rene.

KIWANIANS TO ENTERTAIN

Chattanooga Kiwanians will be guests of the Oak Ridge Kiwanis Club at a joint meeting to be held at Central Dining Hall on Thursday at 6:30 p. m. Dr. A. F. Branton, of Chattanooga, past vice president of Kiwanis International, will be in charge. The Rev. John Paul Pack of the Chattanooga Christian Church, will speak.

HEADS NEW DEPARTMENT

L. Paul McDowell has been named chief of a newly-established Municipal Services Department, according to an announcement of Oak Ridge City Manager L. Z. Dolan. The new department will supervise contracts and operations on housing, concessions, communications and service type contracts.

WOMEN PLAN LUNCHEON

Members and guests of the Current History Section of the Oak Ridge Woman's Club will gather at a luncheon at Norris on Thursday, May 22. Those planning to attend are requested to telephone Mrs. C. P. Furney, 5-2680 or Mrs. H. R. Muldoon, 5-1418.

PLAN STUDENT OPERETTA

"The Mikado," Gilbert and Sullivan operetta, will be offered by Jefferson Junior High School students at 8:15 p. m. Thursday and Friday, May 29 and 30, in the large auditorium of the school.

Strictly Confidential..

Joyce Merry, of Reproduction, is vacationing this week at Chattanooga and Johnson City, Tenn., and Cudjo's Cave and other points in Kentucky and the Great Smoky Mountains. Accompanying her is her daughter, Mrs. Robert Bailey, of Whittier, Cal.

Mary Ellen Barker, formerly of Y-12, visited here recently from Kingsport, Tenn.

Florence Smith, of Y-12, spent last weekend at Gatlinburg with a party of young folk from the Methodist churches. On the previous weekend, she visited her sister, Mrs. J. B. Bibb, of Beckley, W. Va.

Elizabeth Johnson, of Wage Standards, and her husband, Clarence, recently visited her mother, Mrs. J. W. Jones, at Ellijay, Ga. . . . Meta Butler recently enjoyed a picnic at Cumberland State Park, Crossville, Tenn. . . . Lucille Cobble recently visited her mother, Mrs. Annie Cobble, at Newport, Tenn. . . . Myrtle Hughes gave Cleveland, Tenn., and Chattanooga the "once over" recently.

Richard Elkins, Bldg. 9203, and family recently visited his parents in Rogersville, Tenn. . . . Lloyd Kaylor and family have returned from Missouri, where they vacationed and visited his family. . . . Martha Dale and Miss M. C. Qualls made a recent trip to Chattanooga.

M. B. Hilton, of Engineering, has moved to Knoxville. . . . Evelyn Brackney spent the weekend at her home in Elizabethton, Tenn. . . .

Chester Pace and James Allen have returned to their jobs. . . . B. M. Kuperstock is on leave of absence. . . . Lucy Garrigan has left for a two weeks' vacation in Florida.

Mr. and Mrs. Richard Caudle (she's the former Miss Wilma Calfee of the Y-12 Dispensary), are the proud parents of a baby girl, Barbara Lynn, born May 10 at the Oak Ridge Hospital.

George B. Lockhart, of the General Maintenance Office, is back on the job after undergoing a minor operation at Fort Sanders Hospital, Knoxville.

Virginia Bowers, of Research Development, recently made a weekend visit to her home in Newport, Tenn. . . . Mrs. Winifred Woosley is recovering from an operation. . . . Mrs. Mildred Swan recently attended the wedding of her nephew in Chattanooga. . . . Vacationers include Maurice Fortenberry, Paul Wilkerson, Bill Allen and Frank Knox.

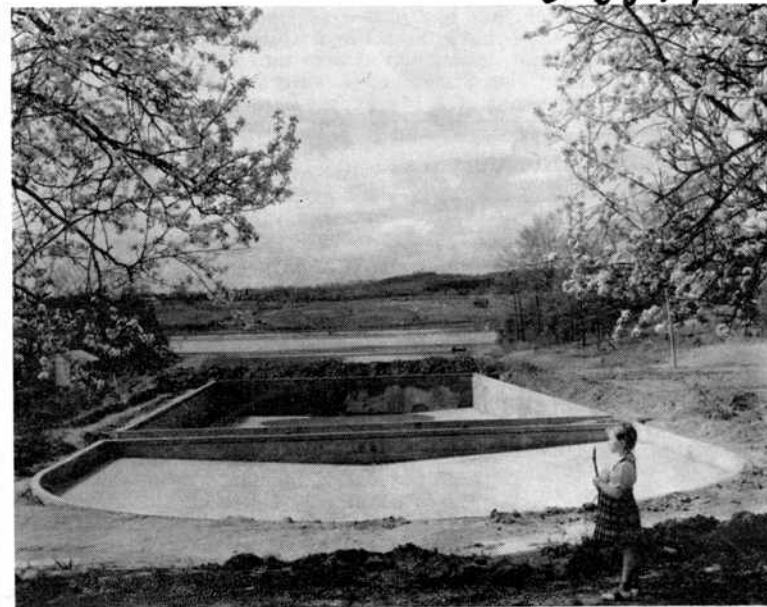

Robert Cantrell, of Employment, and his family spent a recent weekend visiting relatives of Mrs. Cantrell in Sylva, N. C. . . . Avo Hammond recently visited in Jamestown, Tenn. . . . Dolores Ann Browder and husband, Frank, former Y-12 employee, spent a recent weekend in Montgomery, Ala.

LIONS TO ELECT

The Oak Ridge Lions Club will elect officers June 9 who will take office July 1, it has been announced.

Concord Pool To Open June 1

5-6899

This beautifully located swimming pool at Concord Park, on Fort Loudoun Lake, will be opened to the public June 1, it has been announced by Knox County authorities. The main pool for adults is 120 by 60 feet and the wading pool for youngsters in the foreground is 60 by 55 feet. A modern bath house, not shown in picture, will be available for bathers. The swimming facilities at Concord will be operated by Joe Kimsey, Jr., who previously was in charge of a similar concession at Big Ridge Park.

Vacations Soon To Start For Schools Of Oak Ridge

Oak Ridge school children will begin their summer vacations on June 6, it has been announced. Final examinations, picnics, festivals and farewell pageants will be features in all 12 school areas.

The only formal graduation ceremonies scheduled are to be held at Oak Ridge High School, which will observe Senior Day next Thursday. The baccalaureate service will be held Sunday, June 1, with commencement activities to be staged Thursday, June 5.

Contract Is Let On Turnpike Job

Award of a contract to the Ralph Rodgers Construction Co., of Bloomington, Ind., and Nashville, Tenn., for improvements on the Oak Ridge Turnpike, has been announced by the Department of Public Works. The section from the L. and N. underpass to Jefferson Ave. will be affected.

Improvements will include construction of concrete curbing and gutters along the outside of the roadway with allied drainage construction. Work began last week.

Hospital List

The following Y-12 employees have been reported as patients in the Oak Ridge Hospital: Thomas E. Crabtree, Willard C. Cone, Paul Petretsky, Scott D. Lee, Paul M. Griffin and Richard G. Borley.

LIONS PLAN BOX SUPPER

Wives of Oak Ridge Lions Club members have been invited to attend a box social at Grove Hall at 7 p. m. Monday, May 26. Prizes will be awarded for the most attractively decorated boxes.

CHANGE MADE IN PLAY

"Dear Ruth," a play by Norma Krasna, has been chosen by the Oak Ridge Community Playhouse and will be offered instead of "For Keeps," which had been scheduled as the next presentation. Tryouts for the new play were held last week.

PLAQUE MAKING SHOWN

Mrs. William H. Acton, wife of a Y-12 man, will show how plaques and pictures can be made from plaster molds, when the Arts and Crafts Section of the Oak Ridge Woman's Club meets at Ridge Hall at 9:30 a. m. Wednesday.

FAY RAMEY IS GUEST

Fay Ramey, winner of the \$250 scholarship award of the College Women's Club, was a guest of that organization recently at a dinner held in the East Lounge of Ridge Recreation Hall. Fay is the daughter of Mr. and Mrs. E. H. Ramey, 429 Robertsville Road.

Your cooperation is urgently needed in order to carry on our security program.

Infantry Company Of Guard Recognized

With three officers and 38 enlisted men on the rolls, the first Oak Ridge unit of the Tennessee National Guard received federal recognition last Tuesday night in ceremonies at the Jefferson Recreation Hall, present headquarters for the organization. The unit is Co. K, 278th Infantry Combat Team. Co. K is reported to be one of the largest national guard companies in the state.

Capt. John T. Babcock is commanding officer of the company, with other officers being First Lieut. William Moore and First Lieut. Leon H. Gooch. Captain Babcock has announced that drill sessions will be held by the company every Tuesday and Thursday nights from 7 until 9 o'clock. Plans now are underway to provide permanent armory facilities for the company.

Among the speakers at the recognition ceremonies were Col. Philip F. Kromer, Maj. C. T. Miller, chaplains' reserve, who pronounced the invocation; Maj. W. P. Miller and Col. Raymond S. Stripling. Following the program at the Jefferson hall, the new guard unit members were entertained by the Oak Ridge American Legion and Veterans of Foreign Wars posts and the Military Police Detachment.

Inspections preceding the recognition of the unit were conducted by Col. William R. Carlson, ROTC instructor at the University of Tennessee.

Fires May Be Nipped By Checking Buildings

A thorough inspection of all buildings at closing time will do much to prevent fires, it has been pointed out by the Y-12 Fire Department in endorsing a list of conditions that should be met in every plant structure before it is evacuated at night. Department supervisors have been urged to designate certain employees in each building to be responsible for making an inspection of his particular area at closing time to determine that everything is being left in proper condition.

What Should Be Done

Some of the conditions that should be given especial attention before a building is left closed for the night, according to the Fire Department, are:

1. All open-flame heating devices must be shut off.
 2. All electrical heating devices must be turned off.
 3. All electrical office equipment must be turned off.
 4. All coal-fired heaters must be tightly closed and fires must not be banked overnight.
- Watch For Smoldering Flames**
5. No open smoldering fire of any type is to be left unattended overnight.
 6. Locations where welding operations have been performed during the day will be inspected to determine that no smoldering sparks are left.
 7. Cigarette stubs must not be left burning although they are in ash trays.
 8. Rags, clothing or other combustibles must not be left on or near radiators.
 9. All windows must be closed if the building is to be unoccupied more than eight hours.

All Doors Should Be Closed

10. All doors must be closed, especially fire doors. The only exception will be fire doors which are normally held open by fuse links but which close automatically in case of fire. Inspection should be made to determine that such fire doors are not blocked in such a manner as to prevent their automatic closing.
11. All aisles must be left open and unobstructed to provide access for firefighters.
12. Access to fire extinguishers and hose lines must not be obstructed.

Waste And Rubbish Hazardous

13. All waste and rubbish should be removed from the building before closing, if possible, especially that subject to spontaneous ignition. If impossible to remove from the building, such rubbish should be placed in approved metal containers with metal covers.
14. All inflammable liquid containers must be closed and placed in the designated storage places.

Darrell Hyde Real 'Visiting Fireman' With Army In Japan

Darrell Hyde, now of the Y-12 Fire Department, was a real "visiting fireman" in the picture above, which was taken when he was in charge of a fire company in Japan while he was in the Army. The fire truck is a piece of Japanese equipment, described by Hyde as being far inferior to American trucks. At right Hyde is pictured on the job in Y-12 Fire Department headquarters.

Y-12 Fireman Headed Company Of Jap Smoke Eaters While On Army Duty

(Continued from Page 1)

was pouring from the windows. Without waiting to learn the nature of the alarm, my Japanese crew started laying hose lines to cover the shack. Investigation revealed that there was no open fire, however. Someone had merely thrown some rags into a stove, thus creating a dense smoke."

Spoke Through Interpreters

Since Hyde was unable to speak Japanese and the crew was unable to speak English, many orders were transmitted by signs and pantomime. He had to show them how to refill extinguishers and perform other work. Much help was given, however, by interpreters.

Stationed at the same post were several United States soldiers who were Hawaiian natives. They spoke both languages and were at home in acting as translators. "We also had a native Japanese who had traveled in almost every country of the world and who spoke English fluently. He was helpful to us in many things."

"He had been suspected by his own countrymen as a spy during the war and they thought he had given information to enemy countries. Although they kept him under surveillance, they were never able to pin anything on him."

Maintained Equipment

"I was responsible for the maintenance of equipment, the holding of drills and the direction of crews at fires. Since the equipment was inferior in the first place and had been damaged by American air raids, I requested newer and better stuff from the states."

"The army post near Itabashi had been approximately 55 per cent knocked out by air raids. As I said

before, one truck engine had been badly disabled. This one was replaced by a GMC engine."

No Regrets For Defeat

"I found the Japanese cheerful and apparently undisturbed by the fact that they had lost the war. One man, in describing effects of the atom bomb, although he had lost many relatives in the explosion, showed no emotion."

"Many of the natives were so dirty and poorly dressed that I wondered how they had stayed in the war so long. However, they are stoic in everything they undertake. They never complain because of heavy burdens or hardships."

Answers Last Fire

Oddly enough, it was another explosion which caused the last fire alarm which Hyde answered before leaving Japan. It was the explosion of a gasoline heater in a theater the night before he departed. The blaze was extinguished without serious damage.

Darrell was in the army from April 15, 1946 until April 14, 1947. Of this time, he spent the months of December until March in Japan. He began working in the Y-12 Fire Department shortly after being employed May 23, 1945. He now is an equipment dispatcher for the Y-12 department.

Prior to his employment here, Hyde worked for a wholesale grocery, the port of embarkation and the Railway Express Co., at Charleston, S. C. He formerly lived at Robbinsville, N. C. He and his wife are residing at 357 East Drive in Oak Ridge.

Jaycees Will Install Officers At Inaugural Ball Friday Night

An inaugural ball will be presented by the Oak Ridge Junior Chamber of Commerce at 7 o'clock Friday night in the West Lounge of the Ridge Recreation Hall, at which time recently elected officers for the coming year will be installed. The affair will include a dinner with dancing to follow.

The Jaycees also are planning a picnic for the Oak Ridge Safety Patrol, sponsored by the junior chamber, to be held at 1:15 o'clock Thursday afternoon at the Jefferson playground. Approximately 400 of the youthful safety patrolmen who protect many school children in traffic during the school year will attend the picnic. Lunch and soft drinks will be served the youngsters.

Larry Riordan was selected to represent the Oak Ridge Jaycees as state director by the board of directors of the local organization last week.

Delegates and alternates to the national convention of the Jaycees, scheduled for June 9-12 at Long

Beach, Cal., also were selected last week. They include John Tygard, Arthur Schlanger, Larry Riordan, Fes Lowry, of Y-12; G. C. Henderson, president-elect of the Jaycees and also of Y-12; B. L. Patton, Carl Jealous and William Sidner.

NAME IS W. M. HOPKINS

Through an error in copying names in describing the series of garden pictures in The Y-12 Bulletin last week, the name of W. M. Hopkins, of Engineering, was erroneously given as W. H. Huffman. Hopkins was pictured looking at a garden cultivated by J. L. Horton, of Process Development, at 103 Andover Place.

Several Y-12 Employees Among Jaycee Officers

Several Y-12 employees who are new officers and members of the board of directors of the Oak Ridge Junior Chamber of Commerce are pictured above. In the picture to the left are some of the new officers, left to right, H. L. Huffman, vice president of special projects; Leo Hemphill, Y-12, executive vice president; G. C. Henderson, Y-12, seated, president; L. M. McCoig, secretary; Everett Buster, treasurer; and Charles Sowers, Y-12, vice president of internal affairs. Not shown in the picture are Carl Jealous, vice president of external affairs; and A. A. Addison, vice president of security. To the right is shown some members of the board of directors. Left to right they are Homer Hunter, Y-12; Ward Foster, also of Y-12; John Tygard and Middleton Wootten, formerly of Y-12 and retiring president of the Jaycees.

Y-12 Triumphs Reflected

5-6953

Trophies won by Y-12 athletes in Oak Ridge competition while wearing the colors of Tennessee Eastman Corp. from 1944 through 1947 have been assembled in a handsome cabinet and placed on display in the Y-12 cafeteria. The picture of the cabinet and trophies was taken in the Recreation Office.

Y-12 Sports Trophies Are Placed On Display In Cafeteria Building

Sports trophies accumulated by the crack teams of Y-12 in competition with the cream of Oak Ridge and outside competition in 1945, 1946 and 1947 now are being displayed in a cabinet in the cafeteria building and will remain there for about two weeks.

In order that every Y-12 employee might view these handsome prizes, the cabinet and trophies will be exhibited in various plant buildings for one-week stands.

Here are some of the trophies on display that were won by Y-12 teams for first place in Oak Ridge competition and also in outside play:

1945—Oak Ridge track and field meet.

1946—Oak Ridge baseball, regular season and tournament championships.

1946—Oak Ridge men's softball, regular season championship.

1946—Southern Appalachian A. A. U. men and women's basketball tournament in Knoxville.

1946—Oak Ridge women's softball, both league and tournament championship.

1946—Oak Ridge women's tennis league championship.

1947—Southern Appalachian A. A. U. basketball tournament for women in Knoxville.

1947—Oak Ridge women's basketball league, regular season and tournament championship.

Y-12 Horseshoers To Hold Tourney

An open tournament now is being planned by the Recreation Office for all Y-12 horseshoe players and ambitious tossers of equine footwear are urged to limber up their arms for the event. An early announcement as to plans for the competition will be made soon in The Y-12 Bulletin.

Communicate with the Security Office, Bldg. 9701-1, telephone 7994, if in doubt concerning security problems.

Five More Loop Tilts Set For This Week

Five more games are scheduled for this week in the Y-12 plant softball league, with a single game being set for tonight at the Midtown diamond, three games on Wednesday night at the Administration field and another solo contest Thursday night at Midtown. No games are planned for Friday night and the Administration field is reserved for Y-12 softballers for practice sessions Saturdays.

Big Opening Scheduled

At press time of The Y-12 Bulletin last week, finishing touches had been put on plans for a gala opening session for the league last night, providing favorable weather prevailed. Y-12 Plant Superintendent Claude N. Rucker had consented to cut loose with the opening pitch of the season at which Ed Cain, Superintendent of Industrial Relations, was going to take a healthy cut in an effort to thwart Chemical Division Superintendent Jess Herndon from carrying out his catching assignment.

After this part of the program was over, the main business of the evening was to have been three games of ball. The One-91 nine was scheduled to play the Has Beens to pry the lid off the season, followed by clashes between the Bums and Ramblers and the Y-11s and Maintenance.

Postponements Provided For

The league constitution provides that all games postponed because of weather or other valid reasons shall be played on Saturday. Whenever this contingency arises team managers are asked to communicate with the Recreation Office, North Portal, telephone 7-8252, to complete arrangements for the playoff.

The league schedule for the remainder of the month follows:

TUESDAY, MAY 20
Midtown Field
6 p. m., Bldg. 9212 vs Wolves.
WEDNESDAY, MAY 21
Administration Field
6 p. m., Maintenance vs Wolves. 7:30 p. m., Y-11 vs Bldg. 9212. 9 p. m., Has Beens vs Ramblers.
THURSDAY, MAY 22
Midtown Field
6 p. m., One-91 vs Bums.
FRIDAY, MAY 23
Administration Field reserved for practice.
MONDAY, MAY 26
Administration Field
6 p. m., Y-12 vs Ramblers. 7:30 p. m., One-91 vs Wolves. 9 p. m., Bldg. 9212 vs Bums.
TUESDAY, MAY 27
Midtown Field
6 p. m., Has Beens vs Maintenance.
WEDNESDAY, MAY 28
Administration Field
6 p. m., Bums vs Maintenance. 7:30 p. m., Bldg. 9212 vs Has Beens. 9 p. m., One-91 vs Y-11.
THURSDAY, MAY 29
Midtown Field
6 p. m., Wolves vs Ramblers.
FRIDAY, MAY 30
Administration Field reserved for practice.

SATURDAY, MAY 31
Administration Field reserved for practice.

Several Teams Have Entered Y-12 Tennis Doubles Tourney

Several men's tennis doubles teams have entered the recently formed Y-12 tennis league, it has been announced by the Recreation Office. Other teams are needed to fill the league. It is hoped to begin play soon.

Any netters desiring to enter the league are urged to communicate with the Recreation Office, North Portal, telephone 7-8252. Trophies will be awarded the winning team in the league.

Old Badge Numbers Used At Laundry

Y-12 employees should use their old badge numbers when sending clothing to the area laundry. Several have used their new Carbide payroll numbers, which causes confusion. The numbers they have used in the past should be entered on dry cleaning, laundry and clothing replacement lists. It is further requested that proper department symbols be entered on the necessary forms in order to assure charge to the correct department for replacement clothing.

Carelessness in handling of restricted data can result in grave consequences.

Y-12 Women's Softball Team Plays K-25 Lassies Tonight

The Y-12 women's softball team, the only plant representative in an Oak Ridge league competition this season, is scheduled to play its first loop contest at 6 o'clock tonight, meeting their big sisters of Carbide and Carbon Chemicals Corp. from K-25 on the Fairview diamond, where all league games will be played.

Y-12 MAN BATTLES SNAKES BUT BRINGS BACK 13 TROUT

Thirteen is a lucky number, according to C. C. Haws, of Research Development, who recently returned with that number of trout following a fishing trip to Tellico Plains, Tenn.

Haws says that his tour was marked by excitement and adventure, as he fought with rattlesnakes, almost had a tilt with a mountain lion and saw deer at play. He did not reveal what he used as bait to attract all these animals.

Tiller To MC Ridge Diamond Loop Opening

Arnold Tiller, Y-12 Recreation Supervisor, will be master of ceremonies at extra curricular activities in connection with the opening of the Oak Ridge baseball league at 8 o'clock tonight at Oakwood Park when the Monsanto and Community Stores teams cross bats. In addition to announcing the opening program, Tiller also will do a play by play description of players and plays for the fans during the contest.

L. Z. Dolan, Oak Ridge City Manager, will pitch and Barney Bohannon, Chairman of the Town Council, will catch to form the opening battery of the season. W. H. Britton, Chief of the Department of Public Welfare, will endeavor to hit the first offering from the mound.

Other teams in the league are Carbide K-25, Roane-Anderson and Grove Merchants.

Several Y-12 Families Move Into New Quarters On Area

Several Y-12 families are now in new homes in Oak Ridge while others will move shortly, as the result of an evacuation of Victory cottages on Badger, Camel, Caribou, Collie and Houston Streets. Most of the moves were made to houses in Grove Center and West Village.

The moves were made in order to utilize vacant housing units north of the Oak Ridge Turnpike.

The Y-12 lassies also are scheduled to meet Monsanto at the same time tomorrow night.

The Monsanto and Hospital outfits were slated to open the season last night, providing inclement weather did not put in an appearance.

Several members of the 1946 Oak Ridge women's championship team are back to again represent Y-12 on the diamond this year. Coach Ray Ledford has been intensively training the squad for some time and is confident that his charges will give a good account of themselves against the other three aggregations in the league.

Y-12 fans are urged to check the schedule for league play published below and turn out and give support to the Y-12 lassies.

The schedule through June 17 follows:

May 22—Hospital vs K-25.
May 26—K-25 vs Monsanto.
May 27—Y-12 vs Hospital.
May 28—Hospital vs Monsanto.
May 29—Y-12 vs K-25.
June 2—Monsanto vs Y-12.
June 3—K-25 vs Hospital.
June 4—Monsanto vs K-25.
June 5—Hospital vs Y-12.
June 9—Monsanto vs Hospital.
June 10—K-25 vs Y-12.
June 11—Y-12 vs Monsanto.
June 12—Hospital vs K-25.
June 16—K-25 vs Monsanto.
June 17—Y-12 vs Hospital.
The last named team will be the home club in each game.

George Banic Joins Ranks Of Boat Fans

George Banic, of Research Development, joined the ranks of boating enthusiasts recently when he acquired a 16-foot inboard runabout hull. His next step was the purchase of a 60-horsepower engine.

After painting the hull he proceeded with the assembly job which consists of installing the hardware, engine, lights, gasoline tank and steering gear. George said the boat is a pleasure craft only and will not be entered in any races.

Work is being done at the home of W. L. Tunnell, Y-12 man who lives at 130 Tennessee Ave., and also a motorboat fan. When completed, George plans to launch his craft on Norris Lake.

Bottom Busters Best Bowlers

5-6954

Champions of the Engineer League of plant bowlers for 1947 were the Bottom Busters, pictured above with trophies awarded for their victory. The Bottom Busters took first honors in both the first and second halves of the season. Left to right the bowlers are Ernest Cobble, C. E. McGregor, E. M. Whitaker, Lem Green, W. H. Falkner and Bruce Whitaker.
